

Garmin® & Magellan® Compatible GPS Cases

Gilsson MEN
for Magellan eXplorist
(100-600)

Gilsson Technologies' neoprene and leather carrying cases are custom designed and tailored specifically for Garmin and Magellan GPS receivers. We guarantee a perfect fit that will protect your investment.

Each case is manufactured to the highest standards, using premium-grade neoprene and leather — tough enough to shield your GPS receiver from the elements.

Gilsson Technologies' cases have the following features:

- **Backpack/Belt Hook** - Secure your GPS receiver to your backpack, belt or other hiking gear with a rugged carabiner clip.
- **Versatile Velcro Strap** - Secure your GPS device to your belt, backpack, or handlebar (works wonderfully on bicycles, motorcycles, jet skis, and more!)
- **Clear Vinyl Map and Button Windows** - Protect your receiver's delicate LCD display while maintaining easy map viewing and full button functionality.
- **Scratch Protection** - Protect your receiver against preventable scrapes and scratches.
- **Shock Absorption** - Shield your GPS device from life's little bumps and ruts.
