

Garmin® & Magellan® Compatible GPS Cases

Gilsson MEN
for Magellan eXplorist
(100-600)

Gilsson Technologies' pioneering GPS neoprene and leather protective carrying cases are uniquely designed and tailored for specific Garmin and Magellan GPS receivers. We guarantee a secure, glove-like fit, which will extend your receiver's life and protect your investment, while not limiting your visibility or usability in the most challenging environments. Most cases are designed with multiple attaching devices to add flexibility and security while in use.

Unique Features:

- **Backpack/Belt Hook** - Each case is equipped with a sturdy clip for securing your GPS receiver to a "D" ring on your hiking gear or belt loop. The clip can also be used as a primary or secondary security holder.
- **Versatile Velcro Strap** - Most cases are equipped with a versatile Velcro strap to secure your GPS receiver to your belt, backpack or handle bar. Ideal for jet skis, snowmobiles, bicycles, motorcycles, ATV's and more.)
- **Clear Vinyl LCD Protection** - Each case is equipped with clear vinyl cover to protect your GPS receiver LCD against preventable scrapes and scratches.
- **Full Functionality @ All Times** - Each case is designed to allow access to all buttons, toggles and still view the LCD while unit is protected by case.
- **Shock Absorption** - Case materials was selected to shield and absorb the GPS receiver from constant little bumps and bruises.
